PROFILE

Gen AI engineer and automation specialist with 4+ years of remote work for US-based agencies and a BSc in Computer Science & Engineering (April 2026). I build end-to-end automations with n8n, Zapier and Make.com, develop SaaS and no-code apps, and integrate LLMs into business workflows, backed by hands-on experience in SEO, CRM and lead generation.

EXPERIENCE

Junior Full Stack Developer & Executive Assistant
Aug 2025 – Present

Artech Digital (founded by an ex-Google engineer) · USA, remote · **joined as Virtual Assistant, promoted**

- Develop web applications and SaaS products, with AI tool integration (Claude / LLMs).
- Build and maintain end-to-end automations with **n8n, Zapier and Make.com**, connecting SaaS tools, CRMs and marketing systems.
- Provide executive support to the CEO: daily operations, communications, project organisation and team workflows.

Virtual Assistant – Lead Generation & Marketing Head
Dec 2024 – May 2025

Digital Gregg · USA, remote

- Raised qualified leads by **15%** for white-label partnerships using LinkedIn Sales Navigator and Apollo.io.
- Ran HubSpot campaigns and managed the lead pipeline in Trello CRM.

Content Manager
Jan 2024 – Dec 2024

ICMG LLC · USA, remote

- Improved organic search rankings by **25%** through keyword research and on-page SEO.
- Managed multiple WordPress sites: content, themes and plugins.

Social Media Manager
Mar 2022 – Sep 2023

Crushvertise LLC · Austin, Texas, remote

- Increased audience engagement by **20%** with visual content in Photoshop and Illustrator; managed multi-platform strategy.

Market Researcher
Dec 2021 – Feb 2022

Avoraus International · India, remote — healthcare and life-sciences market research and reporting.

Virtual Assistant
Jul 2021 – Aug 2021

Frontier · San Francisco, remote — data and communications for a recruitment platform.
